

30.40 Zoning Base Districts

30.40.010 General Applicability. This Chapter outlines the purposes, bulk, and intensity requirements for the various zoning base districts. In addition to the standards outlined in this Chapter, all development shall be subject to the requirements included in Chapters 30.52 (Off-Site Development Requirements), 30.56 (Site Development Standards), 30.60 (Parking and Loading Regulations), 30.64 (Site Landscape and Screening Standards), 30.68 (Site Environmental Standards) and, when applicable, to the special requirements and restrictions outlined in Chapter 30.48 (Zoning Overlay Districts). Developments which are to be designed under the planned unit development provisions of this Title shall refer to Chapter 30.24 (Planned Unit Development). (Ord. 3055 § 3 (part), 4/2004)

30.40.020 Permitted Deviations from Bulk and Intensity Requirements. In accordance with the limitations listed below, administrative minor deviations (up to 10%) unless otherwise specified) from the development standards listed in the following tables may be approved administratively, in accordance with the procedure outlined in Table 30.16-8, if a signed notarized letter of consent from the owner of any adjacent developed and impacted property is submitted with the application. Deviations shall be subject to the following limitations:

- 1. Rural Residential, Single-Family Residential, and Multi-Family Residential Districts.** Deviations from density restrictions, the minimum required setback of 10 feet from any street, and minimum driveway requirements shall not be permitted. Buildings may only intrude into a utility easement with permission from the respective utility company. Intrusions into private easements are not regulated by this Title.
- 2. Commercial, Industrial and Special Districts.** Deviations from the minimum required setback from a street shall not be permitted. Administrative minor deviations for structures over 100 feet in height are not permitted. Buildings may only intrude into a utility easement with permission from the respective utility company. Intrusions into private easements are not regulated by this Title. (Ord. 3549 § 6 (part), 9/2007; Ord. 3432 § 5 (part), 10/2006; Ord. 2741 § 6 (part), 5/2002)

(Also see Accessory Commercial Uses in Table 30.44-1) (Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

30.40.040 Purpose of R-U, Rural Open Land District. This district is established to provide for very low density residential use and other appropriate uses of the vast areas of rural land, including dwellings which do not conform to the design restrictions for single family dwellings. See Table 30.56-2 for additional design standards and 30.56.060 (b) for provisions regarding special setbacks permitted within Mt. Charleston, Lee Canyon, and Kyle Canyon. 1. R-E will be designated on the zoning map for developed residential lots, or developed or vacant areas under the following circumstances:

A. Where according to the land use plan map an area is shown as RNP (Rural Neighborhood Preservation). This area may be adopted as an RNP-I overlay district per Section 30.48, resulting in a zoning map designation of RE-RNP-I; or

B. Where regardless of the land use plan map designation, the area contains groups of existing residences and some vacant parcels which have been reclassified to RNP-II by the Board of County Commissioners.

(Ord. 3757 § 4 (part), 4/2009; Ord. 3160 § 8 (part), 11/2004; Ord. 3106 § 5 (part), 8/2004; Ord. 3055 § 3 (part), 4/2004)

- a. **General Purpose.** The Commercial Districts set forth herein, when taken together, are intended to permit a broad range of commercial development necessary to serve the citizens of Clark County which shall be designed to ensure compatibility with surrounding uses, such as provision of compatible uses and structures, setbacks, screening, and/or natural or man-made buffers, which may include consideration to hours of operation.
- b. **Standards Applicable to all Commercial Districts.** All Commercial Districts shall comply with the bulk and intensity requirements listed in Table 30.40-4 and, when applicable, to the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. **Uses Permitted.** The uses listed under the column of the respective commercial districts within Table 30.44-1 (see also Appendix F, uses categorized by zoning district) shall establish the uses permitted within the districts, subject to the conditions listed and all administrative and special use permit approvals as shown in the Table. Mixed use development may be established in the C-1 and C-2 districts in conformance with the evaluative criteria for the MUD-4 subdistrict established in Section 30.48.770(A), (B) and (C) (3-9), and density requirements within Table 30.44-1, subject to a pre-submittal conference and approval of special use permit and design review (public hearing) applications in addition to any other required application. However, mixed use development in the C-1 district shall additionally require a minimum 10 acre site and location within 330 feet of the intersection of 2 arterial streets or the intersection of 1 arterial and 1 street.

U-V zoning is required for any mixed use development that exceeds MUD-4 subdistrict criteria. Waiver of development standards or variance applications to deviate from the standards and requirements established in Chapter 30.48 Part J shall not be accepted for a mixed use development in the C-1 or C-2 zoning districts except as permitted by that Part. Waiver of development standards and variance applications to deviate from standards not in conflict with Chapter 30.48 Part J may be submitted. (Note: any special use permit required by Section 30.48.770 shall require public hearings before the Commission and the Board). (Ord. 3397 § 5 (part), 6/2006; Ord. 3219 § 4 (part), 5/2005; Ord. 3174 § 4 (part), 1/2005; Ord. 3055 § 3 (part), 4/2004)

30.40.180 Purpose of CRT, Commercial Residential Transitional District. This district is intended to preserve existing single family residential buildings for commercial reuse when within close proximity to residential development where traffic patterns and the characteristics of the existing structures no longer encourage a single-family environment. It is intended as a transition between viable residential districts and major streets, and, in doing so, shall continue to maintain a visual character of the historic residential pattern of development. Development of vacant lots or redevelopment of sites containing existing structures shall closely resemble the scale and architectural character of the neighboring residential development. No balconies shall overlook adjacent single family residential properties (see Table 30.56-2 for design standards). Reuse and redevelopment of such sites shall be designed and screened to minimize adverse impacts upon adjacent viable residential uses and districts. The district is designed to promote uses and site conditions which are compatible with the adjacent residential neighborhoods. Additional restrictions and special design standards are required for properties within the CMA Area Design, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002; Ord. 2682 § 1, 11/2001)

30.40.190 Purpose of C-P, Office and Professional District. This district is established to provide for the development of office and professional uses and to provide a buffer through the establishment of low intensity uses between the more intensive commercial districts and the residential districts (see Table 30.56-2 for design standards). Additional restrictions and special design standards are required for properties within the CMA Area Design, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002; Ord. 2682 § 2, 11/2001)

- 30.40.200 Purpose of C-1, Local Business District.** This district is established to provide for the development of retail business uses or personal services and to serve as a convenience to neighborhoods and limited local markets. The intent of the district is for sites which are typically on a site less than 10 acres except for mixed use development which shall require a site of 10 acres or more. See Table 30.56-2 (Design Standards) for additional design standards. Additional restrictions and special design standards are required for properties within the CMA Area Design, Mixed Use, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3219 § 4 (part), 5/2005; Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002)
- 30.40.210 Purpose of C-2, General Commercial District.** This district is established to accommodate a full range of commercial uses, or mixed commercial and residential uses, in a manner that can be located to serve the needs of the entire community yet be buffered from having adverse impacts on any adjacent residential neighborhoods. The intent of the district is for sites which are typically greater than 10 acres. See Table 30.56-2 (Design Standards) for additional design standards. Additional restrictions and special design standards are required for properties within the CMA Area Design, Mixed Use, Red Rock Design, and Transition Corridor Overlay Districts (see Chapter 30.48, respective PART). (Ord. 3219 § 4 (part), 5/2005; Ord. 3055 § 3 (part), 4/2004; Ord. 2832 § 3 (part), 12/2002)

- b. **Standards Applying to All Special Districts.** All Special Districts shall comply with the bulk and intensity standards listed in Table 30.40-7, and, when applicable, with the additional standards and restrictions required for properties located within any overlay district established in Chapter 30.48 (see respective PART).
- c. **Dwelling Unit Density.**
 1. The number of dwelling units per gross acre shall not exceed limits as set forth for the various districts, or for any lot or parcel within the district.
 2. If a lot or parcel lies within more than 1 district, the density of that portion within each district shall not exceed the density allowed for the district.
 3. Variances and waivers of standards to density restrictions shall not be accepted by the Zoning Administrator.

Waiver of development standards or variance applications to deviate from zoning base district or applicable MUD subdistrict standards and requirements shall not be accepted for a mixed use development in the H-1 zoning district except as permitted by Chapter 30.48 Part J. Waiver of development standards and variance applications to deviate from standards not in conflict with Chapter 30.48 Part J may be submitted. (Note: any special use permit required by Section 30.48.770 shall require public hearings before the Commission and the Board).
 3. **Exception:** The H-1 district may be utilized in lieu of the U-V district if the H-1 district is located in the MUD-1 subdistrict within the Mixed Use Overlay District and the development conforms to Chapter 30.48, Part J. (Ord. 3472 § 6, 1/2007; Ord. 3397 § 5 (part), 6/2006; Ord. 3354 § 4 (part), 2/2006; Ord. 3219 § 4 (part), 5/2005)

30.40.270 Purpose of the O-S Open Space District. The O-S Open Space District is intended to provide for permanent open space in the community, to prevent irreversible environmental damage to sensitive areas and to safeguard the general prosperity, health, safety and welfare of the public by limiting development in areas where police and fire protection, protection against flooding by storm water or other services cannot be provided without excessive cost to the community or to provide a buffer between incompatible uses. See Table 30.56-2 (Design Standards) for additional design standards.

30.40.280 H-2 General Highway Frontage District.

- a. **Purpose.** The H-2 General Highway Frontage District is established to provide for the establishment of a variety of residential, office, and commercial uses. See Table 30.56-2 (Design Standards) for additional design standards.
- b. **Future Applications for H-2 Zoning Prohibited.** Petitions for a zone boundary amendment to H-2 General Highway Frontage District shall not be accepted by the Zoning Administrator after September 30, 1990.

30.40.290 Purpose of the P-F Public Facility District. The P-F Public Facility District is established in order to provide for the location and development of sites suitable for necessary public buildings, structures and uses, and related private buildings, structures, and accessory uses. Uses developed within the P-F district are expected to conform to the development and design standards (for this and all Chapters of this Title) for such use. Except for regulations within Chapters 30.32 and 30.52, alternatives may be established per the approved plans on file. (Ord. 3848 § 6, 2/2010; Ord. 3635 § 5, 6/2008; Ord. 3549 § 6 (part), 9/2007)

30.40.300 Purpose of the R-V-P Recreational Vehicle Park District The R-V-P Recreational Vehicle Park District is established to provide for the location and development of sites suitable for temporary or transient lodging in recreational vehicles. See Table 30.56-2 (Design Standards) for additional design standards.

30.40.310 U-V Urban Village (Mixed Use) District.

- a. **Purpose.** This district is intended to accommodate a mixture of residential, commercial/employment, and recreational uses typical of a high activity, urban center, as described below, and can only be approved for mixed use development projects in the Mixed Use Overlay District. An array of residential uses, employment centers, recreation and open space amenities, and community and cultural facilities should be elements included within this district. The design of the district and its uses anticipate interaction between different categories of land uses in an intensely developed setting. The vision for development within this district is to have a central core with high density development and building mass, stepping down to mid-densities and intensities of development, then to the least intense, typically calling for one and two story buildings and open space areas. This arrangement of densities is best utilized in close proximity to major transportation corridors and full interchanges (transportation nodes) and intermittently served by section line streets. However, different development patterns may be equally desirable for smaller acreages or within various urban settings. See Chapter 30.48, Part J, and Table 30.56-2 for additional design and development standards.
- b. **Mixed Uses.** Mixed use developments in the U-V district shall be designed only in conformance with the standards established in Chapter 30.48, Part J (Mixed Use Overlay District).

30.40.320 H-1 Limited Resort and Apartment District.

- a. Purpose.** The H-1 Limited Resort and Apartment District is established to provide for the development of gaming enterprises, compatible commercial, and mixed commercial and residential uses, and to prohibit the development of incompatible uses that are detrimental to gaming enterprises. See Table 30.56-2 (Design Standards) for additional design standards.
- b. Designation as Gaming Enterprise District.** The H-1 Limited Resort and Apartment District per Chapter 463 of the Nevada Revised Statutes, is designated as the Gaming Enterprise District as shown on the Gaming Enterprise Map in Appendix G. A special use permit for a resort hotel approved in accordance with Table 30.16-4 establishes the ability to have live gaming. Applications to expand the Gaming Enterprise District shall not be accepted for property within 500 feet of residential development or 1,500 feet of a school or church.

30.40.330 Alternative Development Standards. It is recognized that individual sites may present unique characteristics, including the shape and location of the site, and the design of existing and proposed structures, could be best developed through the application of alternative development standards which depart from the requirements of this Chapter. In certain circumstances such alternative standards may be considered beneficial by the Commission or Board as a tool to achieve the land development policies of the County. In such cases, the Board or Commission may approve alternative development standards through the granting of a waiver of standards, according to the procedures outlined in Table 30-16-7 of this Title subject to finding that the alternative standards will:

1. Result in development having a visual character which is as or more compatible with adjacent development than anticipated by the requirements of this Chapter.
2. Encourage a development trend or a visual character similar to that anticipated by the requirements of this Chapter.
3. Result in a development which meets or exceeds all other requirements of this Title.
